LOGIN PAGE

The image shows a login page for a website called Tech.Zone. The page has a dark gray header with the Tech.Zone logo on the left, a 'Cart' icon with a zero count in the center, and a 'Login' link on the right. The main content area has a textured gray background. In the center is a white login form with a dark gray border. The form is titled 'Login Form' and contains three input fields: 'Username', 'Password', and a 'login' button. Below the button is a link that says 'Don't have an account? SignUp'.

The image features a light gray background with a subtle, large-scale pattern of concentric circles. In the four corners, there are decorative elements resembling circuit board traces or neural network connections. These elements consist of thin, dark blue lines that branch out and terminate in small circles. The top-left and top-right corners have these lines in a darker blue, while the bottom-left and bottom-right corners have them in a lighter, teal-like blue.

THANK YOU
